A photographer surprises Taylor Swift and her kitten, Olivia Benson, on a recent afternoon in NYC. But in Los Angeles, it was Tay's fans that were surprised when she treated them to a listening session of her upcoming album, 1989. And get this – the five-hour party took place at Taylor's house! Fans got to hang out in her living room, and Taylor even baked them cookies! Sounds like a PAWSitively PURRfect day to us!

Yay! Demi's the new face of SKECHERS! "Everyone is unique and SKECHERS embodies that," she says. "Their SKECHERS Memory Foam shoes conform to YOU, so it's a customized fit. I think everyone should celebrate their individuality and I'm happy to collaborate with SKECHERS in promoting this message." She also dished about her fashion choices: "My style philosophy is to stay true to who I am. That is when I am happiest. When I'm on stage it is probably edgy heels or boots and a leather jacket – as fun and crazy as I feel at that moment. And when I am not on stage, chances are I am comfortable in a T-shirt and my SKECHERS." Check out some of the fun behind-the-scenes photos from Demi's SKECHERS shoot!

Justin & Selena!

Just when everyone thought Jelena was over for good, the pair reunited on a romantic trip up to Canada. After flying into Toronto on a private jet, they were seen all over the city looking very much like a happy couple. During their time in Canada, Sel and JB hung out poolside, drove ATVs, and even went on a romantic horse ride. A few weeks later, they were spotted stateside holding hands in Las Vegas. Real or Whack?

Did Keaton Hack Ansel's Twitter? WHACK

OOPS!

While we were hanging out with Emblem3 in Chicago, Keaton shared a hilariously embarrassing story with us! This past summer, a hacker managed to gain access to Ansel's Twitter account, and for some reason, started following just two people: Keaton and his friend Tyler! Keaton had no idea about the hacking, so he tweeted Ansel to say thanks for the follow. "Right after that, he DM-ed some girl and said, these kids hacked my account and unfollowed both of us," said Keaton. "It was the most awkward thing. All of my fans saw, and all of his fans think I hacked his account!" Fortunately, the situation was cleared up pretty quickly. "He ended up re-following me after I wrote that I didn't hack him!"

Does Ariana order Grandes At Starbucks? WHACK

Despite it being her last name, Ariana doesn't always order "Grandes" at Starbucks. "Sometimes I get that venti," she said. "Some days that's what you need in your life!" Ari admits to being a big coffee drinker, but with a hectic schedule like hers, we're not surprised that she needs a little pick-me-up to start off the day! "I love soy lattes," she shared. "I don't have dairy because I'm a vegan, but they taste out of this world to me."

Did Liam Sprain His Wrist? REAL

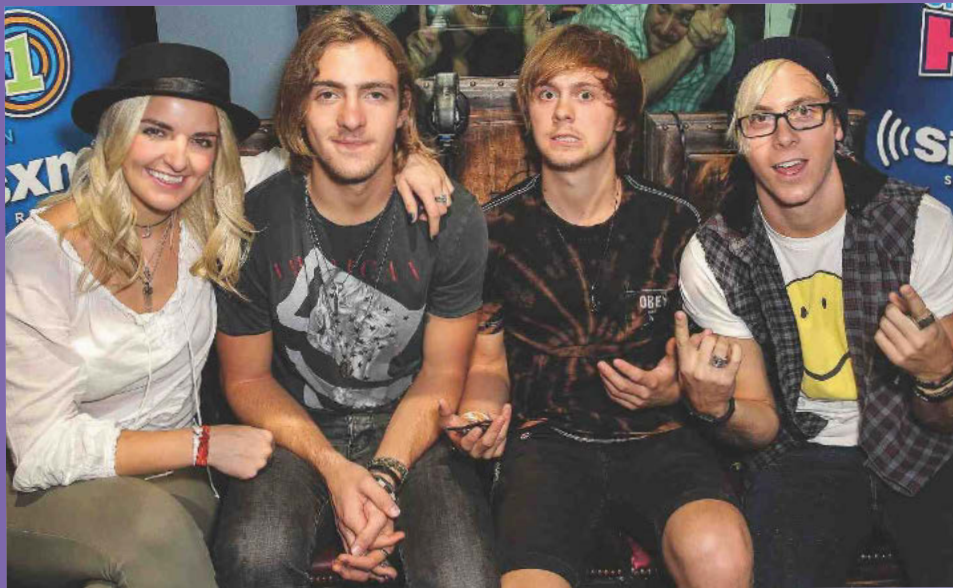

Back in September, One Direction (sans Harry Styles, who was still underage) celebrated Niall's 21st birthday in Las Vegas! While dancing the night away, Liam might've gotten a little too into it...while busting a move on the dance floor, he injured his arm and ended up in the emergency room! When a photo of Liam sporting a cast surfaced on Twitter, fans asked his BFF, Andy Samuels, for an update. "We decided to break dance and he got carried away. You know how it is haha," he tweeted. Yikes! No worries though – Liam managed to recover in time for 1D's epic iHeartRadio performance!

OUCH!

Is Ross Leaving R5? WHACK

When Rydel, Rocky, Riker and Ellington were photographed at an interview without their lead singer, fans were a little puzzled. However, everyone had a good laugh when they realized that Ross was absent only because he was away filming *Teen Beach Movie 2*. As soon as Ross wrapped up filming, the band kicked off a new string of tour dates. "We've been a band for five years and we're always trying to get better," says Ross. Yay!

OMG!

NEW COUPLE ALERT?

Did Harry Go on A Date With Daniella Monet? REAL

On a night off from the Where We Are tour, Harry hit up a Coldplay concert in LA, where he was spotted with *Victorious*' Daniella Monet! The duo tried to keep a low profile with Harry sporting a large hat, a casual white tee, and some black jeans. Their relationship status is unknown, but we do know that Daniella is indeed a 1D fan! When the boys were performing at the Rose Bowl back in September, Daniella tweeted, "Thoroughly enjoying the @onedirection concert right now!" Aww! We think they'd make an adorable couple. Turn to Page 12 for more couple updates!

Are Cody & Justin Becoming A Duo? REAL

Back in July, Cody teased fans when he suggested the possibility of a duet with his friend (and tour buddy), JB. He tweeted, "@JustinBieber what we've created is incredible mate." The pair then posted tons of photos together in the studio and now it's official – they're releasing an album! "It's smack bang duets," Cody explained. "Justin has been a good mate of mine for a while. It's just us writing." Justin has also signed Cody as his new artist so we can expect these two to be working on many future projects together!

COMING SOON: A Cody and Justin duets album!

After wrapping up their final Where We Are tour dates supporting 1D, Luke, Ashton, Michael and Calum are enjoying some much-needed downtime before heading out on their Rock Out With Our Socks Out tour. "We've started writing for the next album, so we're doing that in little bits and pieces," says Michael.

While on the road, the boys' main focus is giving an awesome performance every night. Touring tends to put songwriting and recording on the back burner, but Ashton uses it as an opportunity to make even better music when the time comes. "I think when you're on the road, you've got to just live out what's happening," he says. "Then, when you get back to the studio, you've got a lot to write about. I don't want to write the same album again, so I go out there and see what life has for me, and then I'll go back and I'll write about it. We've got a lot of time coming up, actually, to write and record again, so I'm really looking forward to that!"

As for their headlining tour, the boys have assured their fans that it'll be nothing short of epic. "For our live shows, I think we just want to make it like a big party," smiles Luke. "That's pretty much the ultimate goal." They want to bring their fans a night they'll never forget. "We just want people to have one of the best nights of their lives," says

Ashton. "We want people to come and we want them to leave thinking, 'Man, I can't wait to see that band again...they rocked!'"

Fans can also expect to hear new songs. "We'd like to tour a lot of this [new] album because fans haven't heard these songs live so I think it makes sense to play it," says Luke. And the guys aren't worried about what any haters or music critics might say. "We're proud of the must we make," says Ashton. "We love it and we're fearless. If anyone puts us down, we don't care." UPDATE!

Find out who's together, who's flirting, who's fighting, and who's finished, only in Popstar!

ARIANA ♥ BIG SEAN (DATING)

We should have known there was something special between these two when they made music magic with "Right There" last year. But what exactly is going on between Ariana Grande and Big Sean? Well, we don't know...yet. The two were spotted hand in hand backstage at the MTV Video Music Awards and out on a movie date, but neither have confirmed they're in a relationship just yet. When a news outlet asked Ari to spill the details, she simply said, "I'm happy." But when her longtime friend Ryan Seacrest asked for her to

speak out, she opened up a little more. "I'll tell you when we're not on air," she answered. "I trust you. I've known you for a long time. I don't know about these millions of people listening in right now!" She also added that it could mean more music on the way! "He's amazing and he's one of my favorite people ever," she said. "We always do tons of music together and there's a few songs that you all haven't even heard yet." We think these two are super cute together and if it means we get more collaborations out of it, then we totally ship it!

The couple split after two years together.

BELLA ⚡ TRISTAN (OVER)

It's a sad day when one of your favorite celeb couples confirms their split! Bella and Tristan had always been really public about their romance, tweeting and posting pics while spending time together. But when the two suddenly got quiet, fans began to wonder if they split. When a fan tweeted Bella asking if she was still with Tristan, she responded, "No I'm not." It looks like she's adopted a healthy and independent attitude about the breakup though, tweeting a photo of herself with the caption "Buh-bye" and a link to Jason Derulo's song "Ridin' Solo."

JUSTIN ♥ SELENA (BACK ON)

Ah, Jelena. It seems like these two are never away from each other for long, and even though it seems like we'll never get a solid answer, we can't help but wonder: Are they official again? Over the past few months, the couple has been spotted playing video games at Dave & Busters in Cali and riding ATVs together up in Canada! Most recently the pair was seen holding hands in the airport, so at press time, it looks like pop's power couple is back on.

ARIANA: KEVIN WINTER / GETTY 2014; BELLA: BRIAN DOWLING / INVISION / AP; BELLA 2: ERIC CHARBONNEAU / INVISION / AP; JUSTIN: JORDAN STRAUSS / INVISION / AP

ANSEL ⚡ VIOLETTA (OVER)

Ansel Elgort and his high school sweetheart, Violetta Komysan, recently called it quits. Even though we want Ansel to be our boyfriend, we still thought that the two were super cute together! However, Ansel's busy schedule proved to be too much for this couple. "They tried to navigate his commitments, but between filming and press for the movies [it got difficult]," an insider explained. While Ansel hasn't made any public comments about the split, we hope he's doing okay!

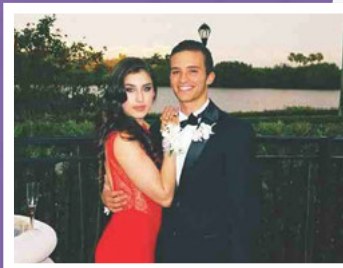

CHLOE ♥ BROOKLYN (DATING)

If I Stay's Chloe Moretz has been linked to Brooklyn Beckham over the past few months and the duo has become the couple we all love to ship! They were spotted together at an Ed Sheeran concert earlier this summer, days before hitting up the Made in America music festival in LA! Brooklyn has even been Chloe's +1 to red carpet events like the *If I Stay* premiere and the Teen Choice Awards! When they're not busy supporting each other's projects, they're gushing about each other in interviews. "What I find really interesting about Brooklyn—and what I really love about that kid—is that he is passionate about what he wants," said Chloe, adding, "He's a very good guy. I enjoy hanging out with him!" Although the pair hasn't officially confirmed that they're more than "just friends," Chloe's hinted that the reason she can't answer is because she isn't ready to define the relationship just yet. We hope that, in time, these two realize that they'd be the cutest couple ever!

LAUREN ⚡ LUIS (OVER)

Some of you might not know this, but 5H's Lauren was dating Luis Santos up until recently! She had posted a few photos to Instagram and Twitter and had confirmed the relationship via social media, but rarely spoke of it in interviews and kept things on the DL. However, Harmonizers began voicing their concern when rumors started flying that Luis was cheating on Lauren. Lauren's mom, Clara, came to the rescue and cleared up the rumors, confirming that the two had indeed split, but that there was no bad blood between them. "They had been broken up," she tweeted. "He's still one of Lauren's best friends—CHILL w/ the DRAMA. It was mutual and all is well!!! Kisses!!!"

CAMILA ★ AUSTIN (FRIENDS?)

It seems like everyone wants Camila and Austin to be together, but as of press time, both state that they're just friends! Countless tweets and Instagram photos between the two have given Mahomies and Harmonizers reason to believe otherwise, but in July Camila tweeted, "THERE'S NOTHING TO BE FIGHTING OVER BECAUSE AUSTIN AND I ARE JUST FRIENDS, and to his Mahomies, I support his happiness as much as you do, so nothin' to be stressed about." Austin took the same route. "We're just friends," he shared. "I remember we were hanging out and we took a picture and we were like, 'Let's just post this and watch everyone freak out.' It was pretty funny watching all the comments roll in." Do you ship Camila and Austin? Find out more on Page 26!

Ariana's Top 10

POP
star!

rounds up
her favorite
things!

1. Her Pups

Ariana is a proud mama to four pups! There's Coco, Ophelia, Toulouse, and the newest addition to the Grande puppy clan, Fawkes. Ari is constantly posting photos of them all on Instagram so make sure you're following her @arianagrande!

2. Arianators

Ariana always makes her fans a priority! She loves interacting with Arianators (who are now called "the loves") on social media and gets so happy when she meets them in person! When Ari was scheduled to perform on the *Today* show to celebrate the release of *My Everything*, she showed up a day early to surprise fans who had been waiting and gave them VIP passes!

3. India.Arie

Ari's favorite artist of all time is India.Arie. She once tweeted the soulful singer, "I really love you. Your music is so inspiring and healing and has always been able to make me smile no matter what." The two have since become friends and Ari was even comforted by her after a breakup! "She stayed up texting me all night and was helping me through it," she said. "Her text message looks like a song of hers. She's sort of become my fairy godmother."

4. Strawberries

Ari's got a major sweet tooth for strawberries! "I've had at least 5 strawberries a day since I can remember," she said. "They're my favorite!" Ari's even said that she'd rename the fruit "The Ariana Berry" if she could! LOL!

Ariana and singer India.Arie became fast friends!

5. Jim Carrey

When Ariana met her childhood hero at the 2014 White House Easter Egg Roll, she did what any fangirl would do... she cried! She took to Twitter afterwards and let fans know, "He was kind, warm, and human. I'm so happy." Aww! Ariana saw Jim a few months later when he presented her with the "Best Pop Video" award at the MTV VMAs. And this time, she made sure to snap a photo with him - without shedding a tear!

6. Smiling at Strangers

Ariana loves the moment when you smile at a stranger and they smile right back at you. "It makes me feel great," she said. However, now that she's got the number one album in over 80 countries, most people probably know who she is! LOL!

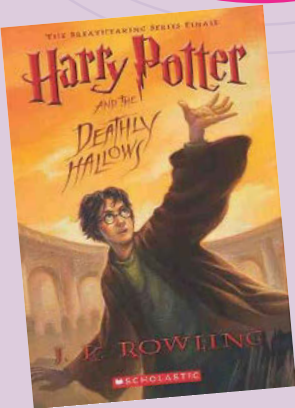

7. Urban Decay eyeliner

Ariana's makeup always looks fierce. For that, she thanks the eyeliner from Urban Decay! "It's my favorite," she said. "I love the consistency of it."

8. Harry Potter

Ariana loves the *Harry Potter* series so much that she considered having a Hogwarts-themed birthday party back in 2013! Let's not forget that time *HP's* Tom Felton tweeted Ari letting her know that he was listening to her song and she freaked out! She tweeted, "But remember when I wrote a song about him and had Draco Malfoy pillow cases when I was 9? Oops."

9. Ponytails

Ariana's ponytail has become her signature look! Although some fans would like her to change things up, we think she looks great the way she is! As long as she digs it, then we dig it!

10. Making Music

Of course, Ariana can't go a day without music. Whether she's in the studio creating it or just jamming out to one of her playlists, music is everything to her! "When I'm working on my music, I submerge myself," she said. "Nothing's going to stop me. It fulfills me. That's what I'm here for. I want to express my feelings, keep it real, and progress as a person."

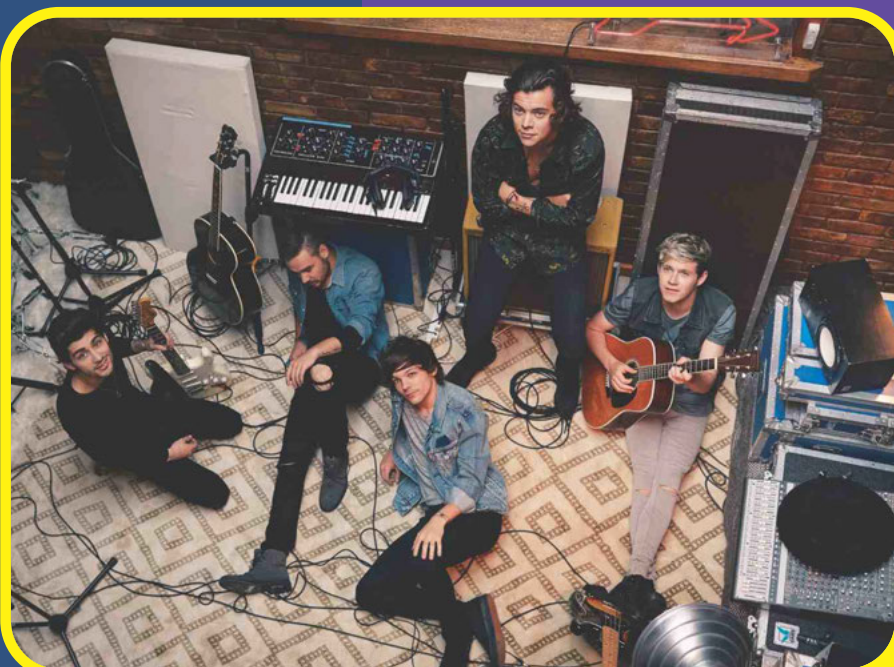

1D's **ALBUM** SECRETS

The guys are so excited to share their new music. Find out about their inspirations and their future as a group!

Back in September, without any forewarning, 1D sent their fans into heart attack mode with the announcement of their fourth studio album, *Four*. Their single, "Fireproof," was released as a freebie for the fans and became the number one worldwide trending topic on Twitter in a matter of minutes! With a sound the guys have called "80s pop rock/indie," fans are predicting that *Four* will be "the album that will slay everything!" And even though One Direction is best known for their infectious pop hits, the boys have musical inspirations from every genre! "We've all taken hand in the writing this time," said Liam. Niall added, "We feel like we have some really good songs and we're happy! I always like to take part in writing. I'm not a very good lyricist, but I like to write chord patterns on the guitar."

SONG STYLE AND SOUND

Harry, who has not only written for 1D, but also penned songs for artists like Ariana Grande, takes inspiration from real-life issues. "I think when you're writing songs, it's impossible to not draw on personal experiences, whether it be traveling or girls or anything," he said. "You're always going to write and draw inspiration from things that you're feeling, things that you've felt. It's kind of impossible not to unless you're writing a song and there's an exact scenario that you're trying to write a song for."

As for his musical inspirations, Harry credits The Beatles, Elvis Presley, Coldplay and Kings of Leon for his love of indie rock. Fellow 1D members Louis Tomlinson and Liam Payne are also inspired by The Beatles. "What they've accomplished... it's fascinating," said Liam. Niall is definitely inspired by legendary musicians as well. "When I was growing up, I was a big Swing fan, so I'm big into Frank Sinatra, Dean Martin, and nowadays it's Michael Buble," said Niall. "Buble is a big inspiration for me because he has a great voice, can write a song, has a great ear for music, and demands your attention when he's performing. As a performer myself, I look up to him." As for Zayn, his musical inspirations are a bit more modern! "I like R&B," he said. "So my main inspirations are probably Michael Jackson, Ne-Yo, and Usher!"

And for fans worried that this could be the band's last album, Simon Cowell was quick to clear up any rumors via Twitter, where he wrote, "It is my guess and my hope that One D will stay together for a very long time. The boys are having the best time."

"I think it's going to be a little bit more edgy."
- Niall

"I think the thing with that (pre-orders) is it really shows just how dedicated the fans really are."
- Harry

"There's definitely some tunes that tie into the 'Story of My Life' kind of sound, that folky kind of sound."
- Zayn

"Some of the songs are classic, natural & quite simple. They're not too overproduced."
- Louis

"A lot of our singles are bold and pop, but there's a chill factor on the new one ['Stole My Heart']. It's like driving down a road in California on a lovely day."
- Liam

MOCKINGJAY MANIA!

Jennifer reveals why the next *Hunger Games* movie is "insane."

"It's a completely different world," says JLaw. "The revolution is beginning."

You've been waiting for it and now it's finally here - *Hunger Games: Mockingjay* is in theaters this month and Jennifer Lawrence thinks it's going to knock your socks off!

"It's huge," she gushed. "The scale and the visual of this movie is insane. It's unlike anything we've seen in any of the others because there is no arena. We see a lot more of the Capitol and a lot more of District 8."

And if you've read the books (really, who hasn't?), you know we're going to see a different side of Katniss as well.

"It's a completely different world," says Jen. "She wakes up in District 13 and she has to adjust to an entirely new life. The Games are over and the revolution is beginning."

No matter how intense the movie's scenes may get, the cast still has time for practical jokes and silly pranks...many of which Jen has found herself the target. Jeffrey Wright (that's Beetee to you and me) played a joke on the Kentucky native that literally had

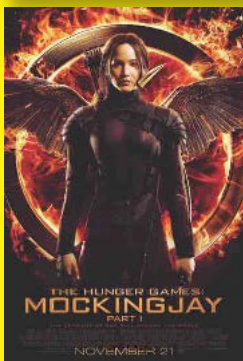

Josh, Liam and Jenn were all excited about Francis Lawrence coming back to direct *Mockingjay*.

her bugging out.

"It was a Tiffany box," she explains. "And I said, 'Oh my God, you didn't have to do that.' When I opened it, a million crickets flew out and jumped all over me. And I screamed."

Always one to stay grounded and keep a realistic approach to fame, Jen admits that making movies and acting is what she loves, but she hardly thinks it makes her more important than anyone else.

"My job is imagining things, none of this is real," she says. "I may be lucky but I don't feel special. If I were a doctor saving people's lives I might be a little arrogant or standoffish but being an actor doesn't entitle me to feel self-important."

Behind all of the glitz and glamour of movie premieres and photo shoots, being a celebrity isn't always what it's cracked up to be.

Josh Hutcherson admits that while he loves his job (especially playing Peeta in *The Hunger Games* series), having just a little more privacy would be great.

"Jen (Lawrence) and I always say — people say, 'Well you chose to be an actor, you are going to have to deal with this kind of thing,'" he says. "Well, no. I started

when I was nine years old. She started when she was like 12. We didn't choose to have public scandal. So because this is what I am good at and this is my career means I also have to suffer on this other side?"

Much like his *Hunger Games* co-star, Josh has his feet planted firmly on the ground and he may just owe it to the fact he can't stand attention.

"I hate attention," he admits. "I didn't choose it. This is what I can do. I think we are both people who love making movies.

I love the on-set experience, I love collaborating and creating movies from development stages to acting. We hate the business but we love making movies. I think that's the real difference. That's when you see some young people go down the wrong path is when they are into it for the wrong reasons, or they get caught up in it with the wrong people. That's the other thing - we both have really great families, great friends and people around us that help us keep our heads on straight."

With *Hunger Games: Mockingjay*, Josh hopes the story will prove to everyone that just a single person can make a big difference.

"I think it's really about the power of one person to rise up and make a change," he says. "If you look at a lot of the big, epic trilogies or series like *Lord of the Rings* or *Harry Potter* it's all about that one person trying to make a difference.

In today's world where you kind of feel powerless and there are so many things bigger than you happening to see a story where someone rises up and makes a difference is empowering and people connect with that."

Taylor Swift

Rumor Patrol

Popstar! tackles all the latest Taylor gossip!

Is she feuding with Katy Perry?

Maybe!

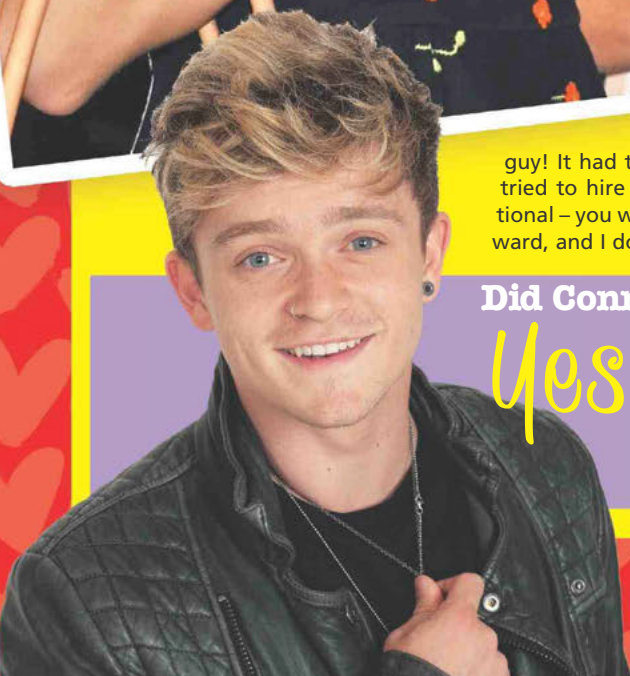

In an interview, Taylor revealed that her song "Bad Blood" was about another female artist. However, taking the high road, she refused to name names. "For years, I was never sure if we were friends or not," she said. "She would come up to me at awards shows and say something and walk away, and I would think, 'Are we friends, or did she just give me the harshest insult of my life?' Then last year, she did something so horrible. I was like, 'Oh, we're just straight up enemies.'" Fans weren't sure who Taylor was talking about, but on the day the interview came out, Katy Perry tweeted something that seemed to be directed at Taylor: "Watch out for the Regina George in sheep's clothing." The two allegedly wanted to hire the same back-up dancers! Taylor called *Bad*

Blood the angriest song on *1989* and confessed, "It wasn't even about a guy! It had to do with business. She basically tried to sabotage an entire arena tour. She tried to hire a bunch of people out from under me. And I'm surprisingly non-confrontational – you would not believe how much I hate conflict. So now I have to avoid her. It's awkward, and I don't like it." We hope these two can patch things up!

Did Connor Ball mess up her dressing room?

Yes

While supporting Taylor on the London leg of her Red Tour back in February, The Vamps' Connor didn't make the best first impression! He ended up making a mess in her dressing room and got a lecture about it afterwards! "When we were on tour, I got hummus everywhere in Taylor's dressing room and got told off," he said. "I had to clean it up and I'm allergic to hummus!" No worries, Connor survived and Taylor and The Vamps ended up becoming close buds!

Is she still friends with Selena?

Yes

Taylor and Selena are definitely still best friends! Despite rumors that the two had drifted apart due to Selena's on-and-off relationship with Justin, Taylor is at Selena's side. "There were all these blogs, like, 'Are they fighting?'" but meanwhile, Selena and I would be on the phone laughing about it. We let them have that one," she said. In July, Taylor posted an Instagram photo of herself wearing an "S" chain in honor of Selena's birthday! Tay may not approve of Justin, but nothing can get in the way of their friendship!

Did she write a song about Harry?

Yes

Even though she won't say much about her split with Harry Styles, she's revealed that the two are now friends! Of course, Taylor's notorious for penning breakup songs like "I Knew You Were Trouble" and "We Are Never Getting Back Together." On 1989, there's "I Wish You Would," about an ex who bought a house just two blocks from hers, and "All You Had to Do Was Stay," which describes a guy who just couldn't commit. There's even a song on the new album that's titled "Style," about a guy with slicked-back hair and a white T-shirt. Hmm...who could that be about?! Another intriguing song is "Out of the Woods," which features lyrics like, "Remember when you hit the brakes too soon/Twenty stitches in a hospital room." Tay said it was inspired by a snowmobile ride with an ex. Well, remember that romantic skiing vacation the duo took in 2012? If that doesn't scream out Harry Styles, we don't know what does!

Has she ever been in love?

No

Last year, Taylor revealed that she's actually never been in love, but that she's felt versions of it. "Versions of love that weren't the love," she said. "Love mixed with infatuation. Love mixed with comfort and, like, settling. Love mixed with a dangerous level of mind games. Love mixed with too much competition. When there are too many negative emotions, you come out of it and the dust settles and you categorize it as something other than love." Still, Taylor refuses to give up on love. "I need to live in a world where my best love is ahead of me, not behind me," she said.

Does she give advice on Instagram?

Yes

Being one of the busiest musical acts in the world, you'd think that Taylor wouldn't have the time to scroll through all her Instagram comments. That's where you'd be wrong! A young fan got the surprise of a lifetime when Taylor replied to her request for advice on unrequited love. In one of the most compassionate responses, Taylor wrote, "I think unrequited love is just as valid as any other kind. It's just as crushing and just as thrilling. No matter what happens in this situation, I want you to remember that what you are doing is selfless and beautiful and kind. Feel good about being the kind of person who loves selflessly." Since then, she's responded to dozens of other fans. So be sure to tag her and maybe you could get some advice, or even just a comment from Taylor!

Was she involved in a bomb scare?

Yes

Ahhh! Last month, after a passenger had claimed to see a "vapor" coming from a piece of luggage, thousands were evacuated from the London Luton airport. Taylor, who was en route to Germany to continue her promo tour for 1989, was allowed to safely evacuate the airport via private jet. The "vapor" ended up coming from hair straighteners, so luckily, no damage had been done and everyone was safe!

5th's Dinah Jane Spills BFF Secrets

Ever since becoming a group in 2012, the girls of Fifth Harmony have shared an incredible bond. What started out as a singing competition soon became a sisterhood! "I gained four new sisters that I thought I would never have," says Ally. Dinah Jane agrees. "When I first teamed up with Ally, Normani, Camila, and Lauren, I had no idea we would build such strong friendships," she says. "We're so lucky to have each other and it continually reminds me of the importance of friends in every girl's life." Here, Dinah Jane spills her top four tips for being a good friend.

1) Reliability

"I cannot stress enough how important

being loyal and dependable is to any friendship. When I'm up on stage performing, I feel secure knowing that my friends are going to be on their A game – all of us supporting each other. When you say you're going to be somewhere, show up. When you know your friend needs you, be there for her – it's that simple."

2) Admit your mistakes

"It's not always easy to admit that you're wrong, but part of friendship is realizing when you've made a mistake and then owning it. When the tables are turned, remember to do your best to forgive and move on."

3) Resist jealousy

"Always share in your friend's joy and be genuinely happy for her success. It could be tempting to be jealous, but reserve the urge to pout and give her a high five. You know how hard she works and remember, there is likely something good for you right around the corner."

4) Be thoughtful

"Always look for little ways to show her how much you care. Whether it's sending her a quick text to make her smile or leaving her a nice comment on her latest Instagram post, little gestures go a long way in building friendships."

Camila captioned an Instagram photo of her and Dinah with this quote: "Sometimes you meet someone, and it's so clear that the two of you, on some level belong. You meet these people throughout your life, out of nowhere, under the strangest circumstances, and they help you feel alive."

The girls described each member in one word!

Dinah - fabulous

Lauren - fierce

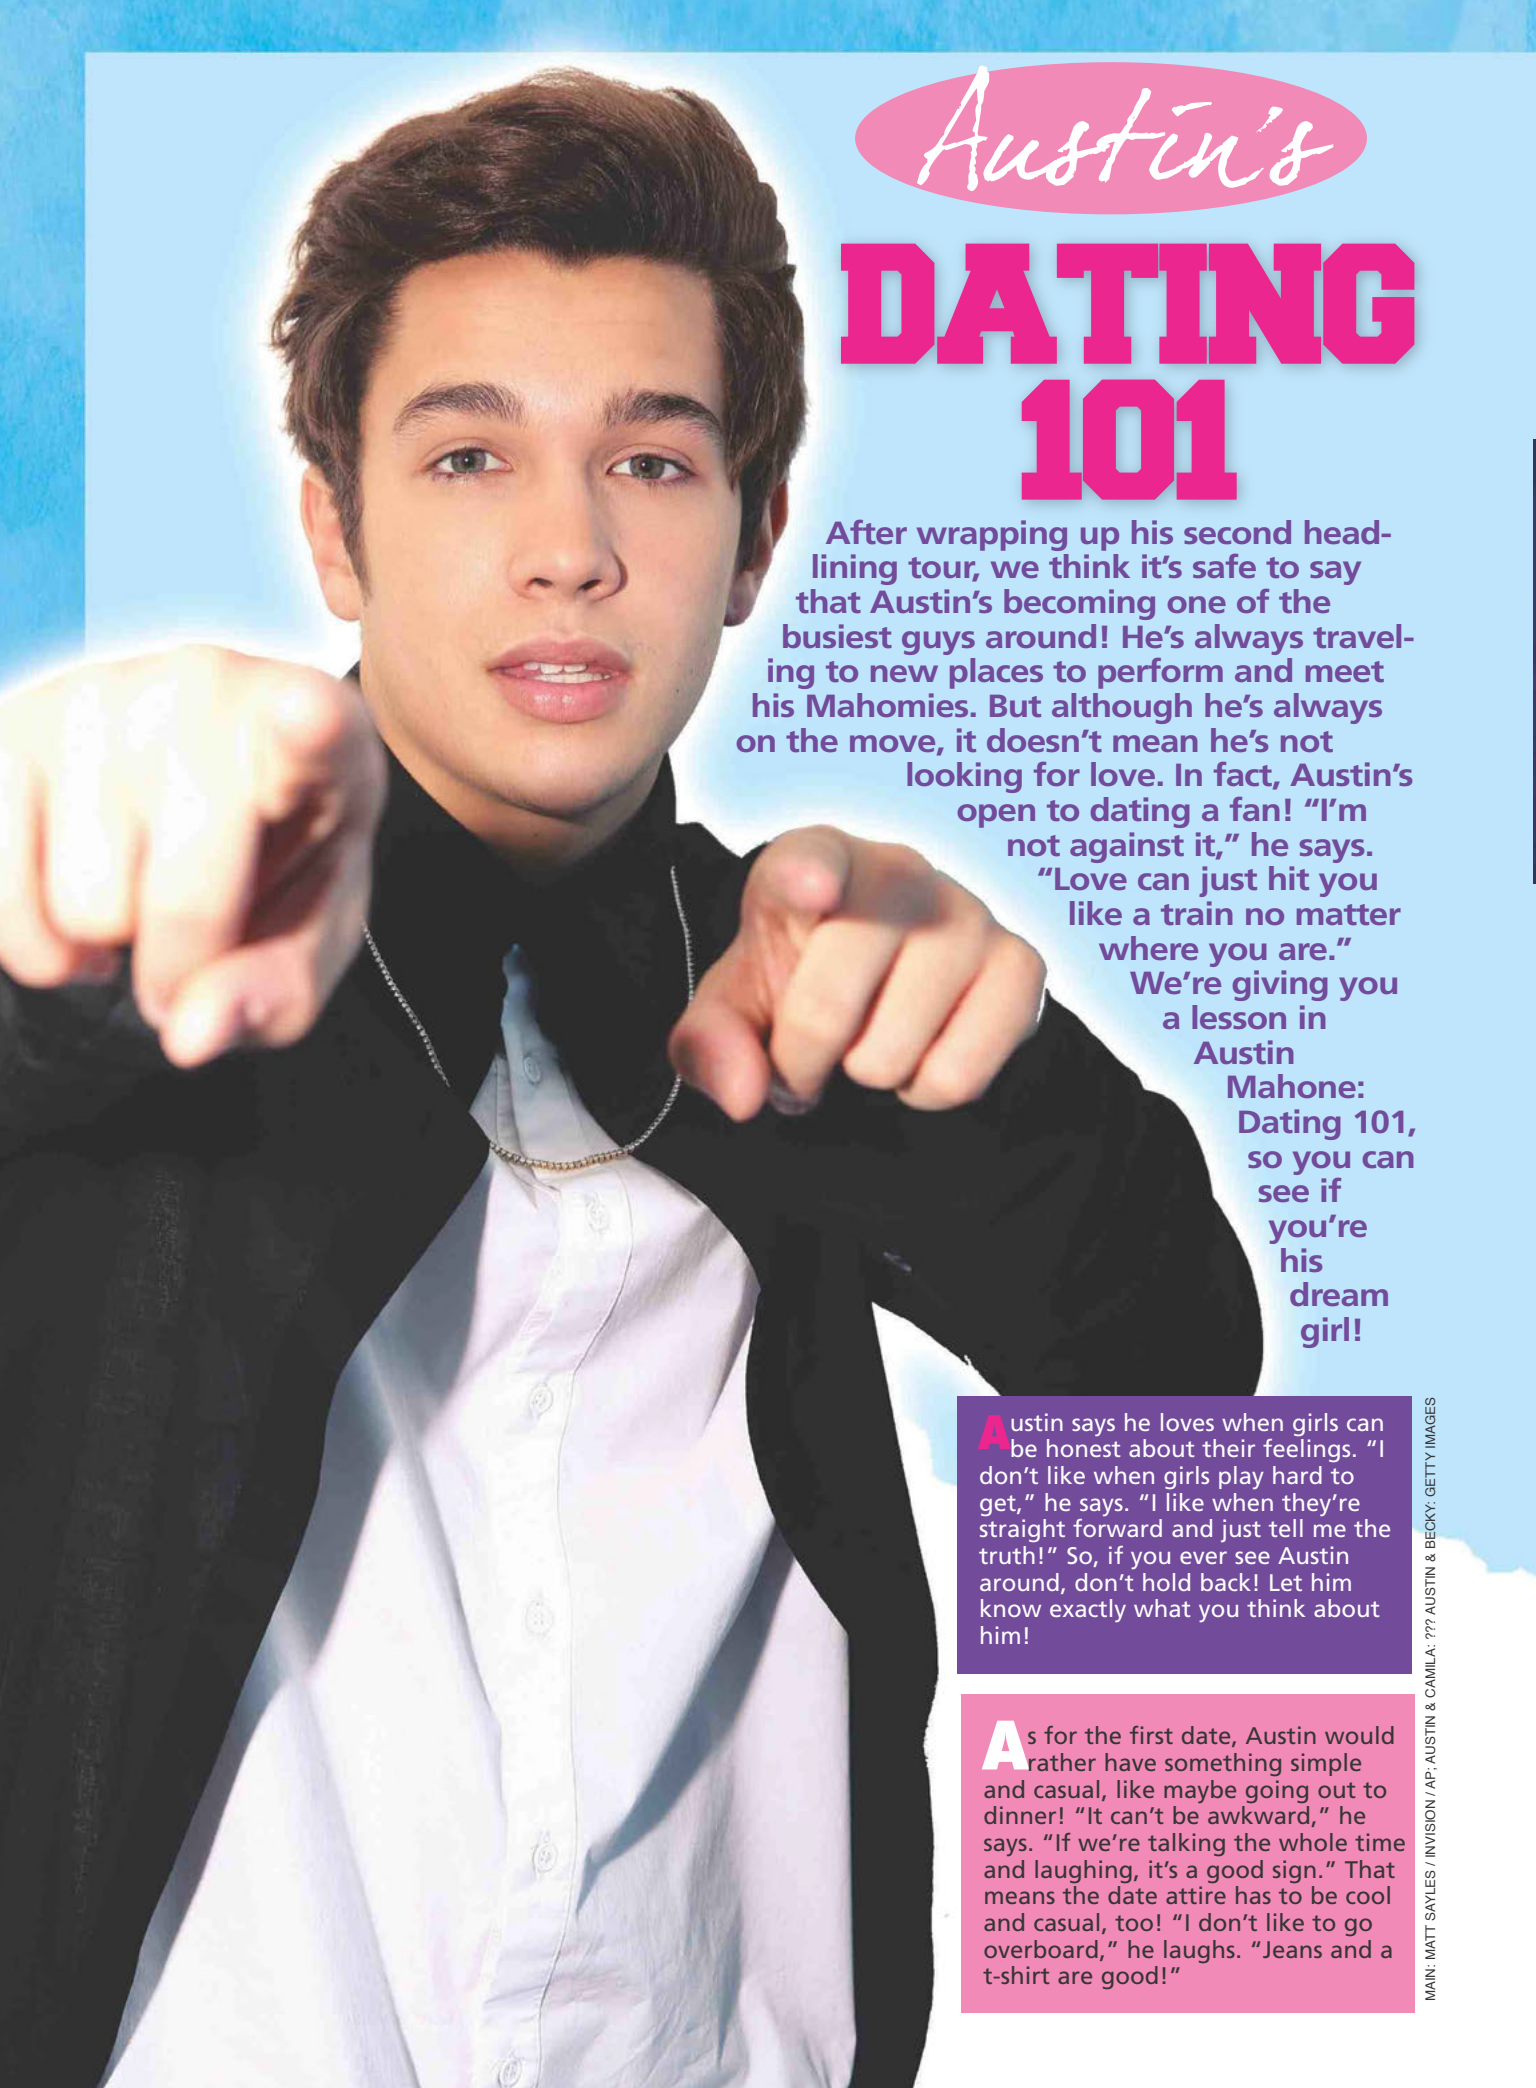

Camila - cutesy

Normani - rainbow because there's so many different sides to her

Ally - positive

A large photograph of Austin Mahone, a young man with dark, wavy hair, wearing a white button-down shirt under a black jacket. He is pointing both index fingers directly at the camera with a slight smile. The background is a bright blue sky with soft white clouds.

Austin's DATING 101

After wrapping up his second headlining tour, we think it's safe to say that Austin's becoming one of the busiest guys around! He's always traveling to new places to perform and meet his Mahomies. But although he's always on the move, it doesn't mean he's not looking for love. In fact, Austin's open to dating a fan! "I'm not against it," he says.

"Love can just hit you like a train no matter where you are."

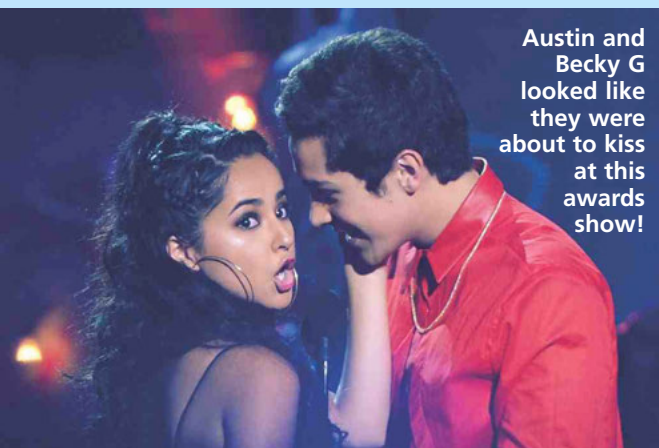

We're giving you a lesson in Austin

Mahone: Dating 101, so you can see if you're his dream girl!

Austin says he loves when girls can be honest about their feelings. "I don't like when girls play hard to get," he says. "I like when they're straight forward and just tell me the truth!" So, if you ever see Austin around, don't hold back! Let him know exactly what you think about him!

As for the first date, Austin would rather have something simple and casual, like maybe going out to dinner! "It can't be awkward," he says. "If we're talking the whole time and laughing, it's a good sign." That means the date attire has to be cool and casual, too! "I don't like to go overboard," he laughs. "Jeans and a t-shirt are good!"

Camila or Becky? For the last several months, fans have been speculating that Austin has a girlfriend. Some believe it's Becky G, and others think it's 5H's Camila. Becky and Austin became super close while on the MTV Artist To Watch tour. Austin even sang happy birthday to Becky on stage back in March, and it looked like they were about to kiss at the Premio Juventud awards in July. However, Becky dispelled dating rumors at the VMAs. "We're friends," she said. "Rumors just come with the territory!"

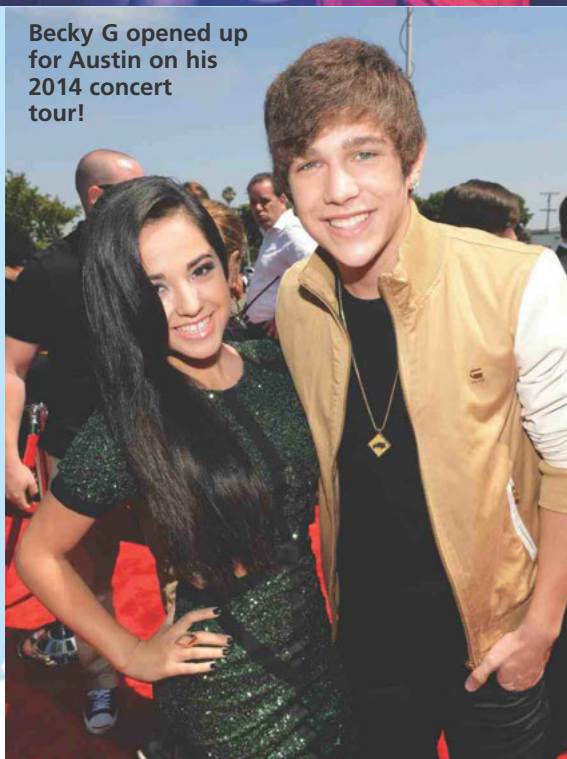

Austin and Becky G looked like they were about to kiss at this awards show!

Austin's Dream-Girl Checklist

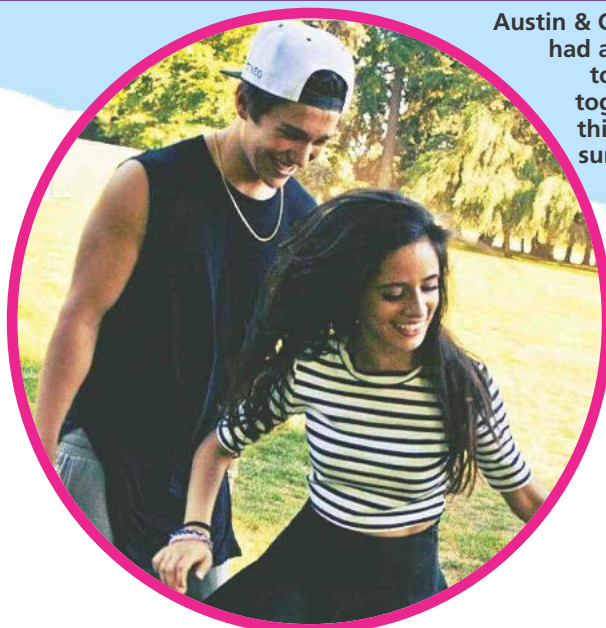

- ✓ A great personality, someone who can make me laugh!
- ✓ Somebody shorter than me
- ✓ Nice smile
- ✓ Someone who understands my busy schedule
- ✓ Someone I can be myself around and talk to about anything

Becky G opened up for Austin on his 2014 concert tour!

As for Austin and Camila, or "Ausmila" as fans like to call them, the pair spends a lot of time together, but promise they're simply pals who enjoy hanging out! "We're just friends," Austin said. "It's pretty funny to post a photo together and just watch all the comments roll in." Well, that's exactly what happened in September, when a photo (taken at a distance) surfaced of the two in an embrace. When a few Mahomies wrote nasty things to Camila, her band mate and BFF, Dinah Jane, backed her up. "This is literally sooo funny to me," she wrote. "Y'all just can't respect people that have interest in each other. At the end of the day we're teens and we're gonna do whatever the heck we want."

Austin & Camila had a blast touring together this past summer.

Whether he's single or not, it's obvious that Austin's a hopeless romantic. His favorite track from *The Secret* is a love song. "It's called 'The One I've Waited For,'" he says. "It's a nice slow ballad. I'm talking about a girl and she's the one I've been waiting my whole life for." Another romantic song of his (which he wrote and produced all on his own) is "All I Ever Need." It includes lyrics like, "Baby, you're amazing. You're my angel, come and save me." We know a lot of girls who'd love to swoop in and do just that, Austin!

Our Exclusive Q&A With Riker!

Hey Riker! We're loving your new single, "Heart Made Up On You." Can you describe its message?

It's about when your mind knows something is bad for you, but your heart wants it anyway.

Have you ever dealt with that before?

Oh definitely, definitely! I think we all have to some extent, but definitely me more than the others. I remember I was in a relationship and all of the guys were like, "What are you doing? This girl's crazy! Come on Riker, think!" But at the same time, I really, really liked her, so I could totally relate to the lyrics in that song!

What advice do you have for someone who's going through that with a friend?

Definitely play the song, haha! I think you just gotta be straight up with them. It takes a while and it might backfire a little bit. Your best friend might be like, "What are you talking about?" And then get defensive - because I definitely did. But you just have to keep at it and not come full force the first time around and be gentle and remind them that you're coming to them as their best friend and you're just looking out for them because that's what they need to be reminded of.

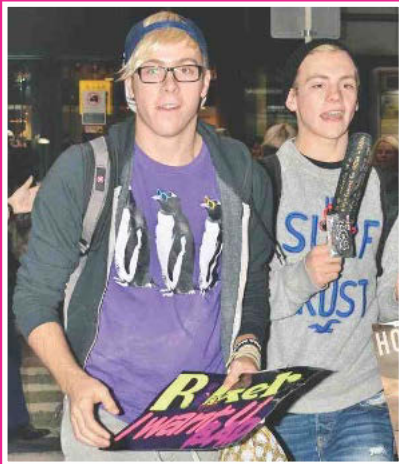

You just wrapped up R5's Fall tour.

What can a fan do to get noticed at an R5 concert?

I think if you have a funny, clever sign or if you say something that's cute or anything to just kind of spark our attention, then that will definitely make us remember you. Signs definitely work because we see the sign at the meet and greet and then when we come back out onstage, we'll see it again!

"I remember I was in a relationship and the guys were like, 'What are you doing?'"

If you're going to an R5 concert, definitely take the time to make a funny sign! "Signs definitely work because we see the sign at the meet and greet and then at the concert," says Riker.

Riker's Fashion Faux Pas!

In English class we were doing *Jekyll & Hyde*, and we were reenacting a court case in it. So I thought it would be cool to wear a suit. I had a zoot suit that I was wearing for a dance performance and it was a bright hot pink shirt, but it was a zoot suit so it was longer than an actual suit. I remember they put me in the yearbook with that on and I looked a little funny!

Can Guys & Girls Be Just Friends?

It's an inevitable situation. You meet a boy, become buddies, and are having so much fun together. Then, all of a sudden, your friends start bugging you, asking things like "What's going on between you two?" And "When are you two just going to start dating?" Soon enough, you start to realize that you might have feelings for him, or that he might have feelings for you, prompting the age-old question: Can guys and girls be "just friends"?

With their killer on-screen chemistry on *Austin & Ally*, fans have been shipping "Raura" for quite some time now! However, as close as these two are, they've made it clear that they're not an item in real life. Instead, the two consider themselves to be the best of friends. "I think it's so possible to have a platonic relationship with a guy," says Laura. "I think *Austin & Ally* started off with a great partnership and friendship, which is great because guys and girls can totally be friends." With "#Raura constantly becoming a trending topic on Twitter, 'Raura' has even found its way to the A&A set. 'Everyone on the set will tease us like, 'Ohh Raura's on set,'" says Ross. "It just becomes a joke. It's never awkward with me! Laura might get a little awkward sometimes, but that's okay – it's cute. It's funny!" Awww! Ross has even admitted that fans taking Raura so seriously doesn't surprise him. "It's to be expected," he explains. "Whenever I watch a show, I'm actually one of those people that want the characters to be together." With season four coming soon, fans are eagerly anticipating how Austin and Ally's relationship will progress. But as for Ross and Laura, they're proving that guys and girls can really be just friends!

Style guru Madison Pettis shares what's trending this month!

LOOK OF THE MONTH

My "Look of the Month" is from Trevor Jackson's 18th birthday party! My make-up artist Allan Avendano called the look "TropiCali" haha - it definitely describes the California vibe! This palm tree pencil dress is designed by Torn by Ronny

Kobo. I bought it at the beginning of the summer because I fell in love with it; I always love the figure-flattering look of the pencil fit. My shoes are my favorite pair of heels from Alice & Olivia. They're a super high heel, but they have a good platform, so they're comfy & I can dance all night in them! In keeping with the "Tropicali" theme, my hair-stylist Ryan Richman went with big waves for my hair, and a coral-red lip. The lip color is "Lady Danger" by MAC. Love it!

Peyton List rocks a pair of ankle boots!

ASK MADISON

My mom is letting me buy one pair of winter boots. What color and style would be the most versatile for school, going out with friends, & more?
-Jenny, NJ

I'm obsessed with fall & winter specifically for boots! There are so many different types of boots... knee high, ankle, combat... it's hard to decide which is the best fit for you. Personally, I think ankle boots with a little chunky heel are the most versatile & you'll be able to get the most wear out of them. Since they have a slight heel, you can dress them up or down. They can be worn with jeans, skirts, dresses, basically anything! And getting them in black or dark brown allows you to match them with pretty much everything. I wear ankle booties year round. You can find them anywhere, like Forever 21, Aldo, Zara, or online (my favorite)! Happy shopping!

TONY DIMAO / STARTRAKSPHOTO.COM

Miley Cyrus is spotted with this month's trend, a backpack.

TREND ALERT!

Is there a certain accessory that you think will be "in" this Fall/Winter?

I think backpacks are making a big fashion statement this season. I've seen a lot of cool girls like Cara Delevigne wearing backpacks instead of purses everywhere they go. There's such a variety of backpacks to choose from: leather/faux-leather ones, boho hippie ones, denim, etc. I think they're super cute and perfect if you always have a lot of stuff in your bag because they're easy to carry. Plus, in the Fall/Winter, you can keep your extra layers & scarves inside since they're so spacious. You can find trendy backpacks at stores like Brandy Melville, Pacific Sunwear, etc.

TAYLOR SWIFT

Skincare Secrets

Taylor always has beautiful glowing skin and she works hard to keep it that way! Check out her beauty must-haves and skincare tips to get a look just like hers.

Every day!...

Use a night cream before I put on my make up, and at night before I go to bed!

My must-have beauty item is...

Red lipstick! I like it because wearing it gives me this feeling of fancy things. If I'm too lazy to do anything else makeup wise, red lipstick is my one step.

on bad hair days...

My hair is naturally curly, so some days I just let it be. The best way to turn a bad hair day around is to put your hair in a side braid!

My skin-care necessities are...

I use whatever's around, really. I'll go to the drugstore and just get makeup removal pads and facial scrubs (that I always forget to use).

Taylor's Top 5 Beauty Tips:

- Don't use too many products in your hair!
- Always wear sunblock to protect your skin!
- Have a signature scent! My favorite is Vanilla.
- Keep your every-day makeup nice and simple!
- Exercise! You can't indulge without exercising so I exercise because I love eating and I don't want to live without anything.

CALL ON CLARE

Every month, Music Choice Play host Clare Galterio spills on all things fashion, beauty and celebrity.

Jake Miller has had an incredible year. After seeing some of his videos on YouTube, I got hooked and had to have him as a guest on *You & A*! When I sat down with Jake, he revealed that he had originally planned to be a doctor. "I was always the good kid in school," he explained. "I took all AP classes and got straight A's." However, those plans changed after Jake opened for Snoop Dogg. He left the University of Miami and started treating people – to his music, that is!

Before our taping, Jake snacked on pretzels in the Music Choice green room and spilled that when it comes to girls, he loves brunettes! "Long, short, curly or straight," he smiled. "I don't have a preference, but I love brunettes that's for sure...and blondes, too!"

But what does Jake love the most? The #Millertary! Did you know that he reads every letter and opens every gift he receives? He especially loves when his fans send him Starburst fruit chews! But do you know what I think is sweeter than Starburst? Jake! He's really an amazing guy and I wish him sweet success in his music career! Be sure to follow Jake and me on Twitter @jakemiller and @claregalterio. See you next month!

Hang out with me @ClareGalterio on TV! Tune into Music Choice Play to see my latest *You & A* interviews and all your favorite music videos!

THAT JUST HAPPENED!

CRAZY, AWKWARD & UNFORGETTABLE MOMENTS!

BRAD GOT A FACE FULL OF LIPSTICK!

THE VAMPS ROCKED THE STAGE AT ARTHUR ASHE KIDS DAY BACK IN AUGUST, BUT BRAD GOT A LITTLE MORE ATTENTION THAN HE EXPECTED! WHILE HOLDING THE MIC UP TO HIS MOUTH, BRAD GOT RED LIPSTICK ALL OVER HIS FACE! LOL! HOW'D THIS HAPPEN?! WELL, MCCLAIN TOOK THE STAGE RIGHT BEFORE THE BOYS AND LAURYN'S LIPSTICK WAS STILL ON THE MICROPHONE! BRAD HADN'T EVEN NOTICED UNTIL HIS BAND MATES STARTED LAUGHING AT HIM! AWW, BRAD WIPED IT OFF AND THE BAND HAD A GOOD LAUGH!

Forever 21 Tumble

My friends and I decided to hit up the mall for some girl time and shopping! I found tons of cute items in Forever 21 and was so excited to try them on! My friends were already there waiting for me and after a few text messages telling me to hurry up, I decided to run to other side of the store to meet up with them. I was so focused on running (and holding a bunch of clothes in my hands) that I totally missed the "WET FLOOR" sign! I wiped out in front of everyone and it really hurt! My friends will never let me live that one down.

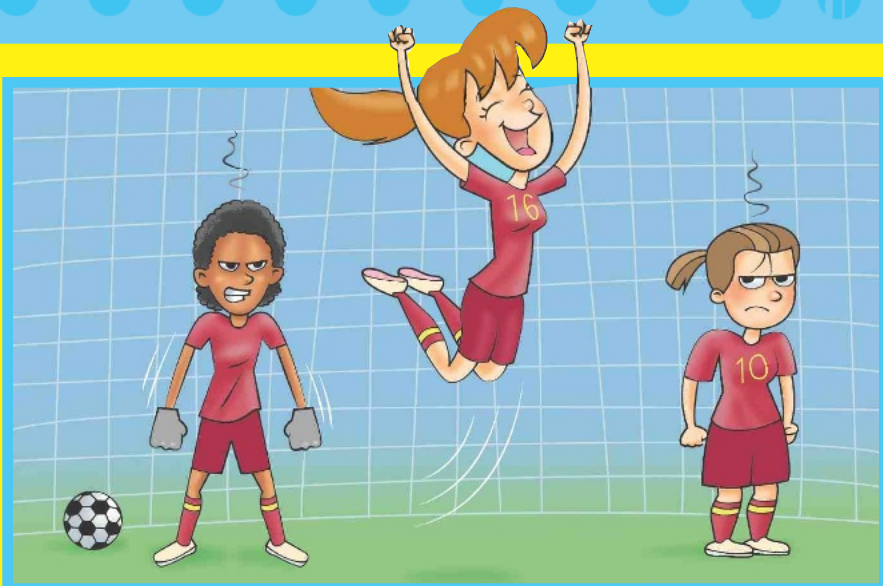

-Callie, NJ

Note No-No

My teacher has a very strict policy on not passing notes during class. Of course, there are just some things that cannot wait until the end of the period! During Spanish class, my crush invited me to his party! I had to tell my BFF right away so I wrote her a note that said, "OMG - Just got invited to Nick's party!" Unfortunately, my teacher saw the whole thing and snatched it before my friend had the chance to read it... then she read it OUT LOUD to the class! Everyone laughed and my cheeks turned SO red!

-Tiffany, RI

Wrong Way Rainy Day

When it's raining, my gym teacher lets us choose a sport to play indoors. My class voted on soccer and my crush was one of the team captains! I was so happy when my crush chose me for his team. The game was tied and there were only five minutes of class left when my crush passed the ball to me. Since the area was clear, I figured I'd pass the ball back to our goalie! I ended up kicking the ball really hard and shot it right to the goal – scoring on my own team! It was so embarrassing!

-Haley, FL

Hay Horror

One of my favorite things about the fall is going pumpkin picking! This past year, my crush was tagging along and I really wanted everything to go perfectly. We decided to go on a hayride and while I was climbing up the steps to the truck, I slipped and nearly took all the hay down with me! It was so embarrassing because I had hay all over me! But while my friends all giggled, my crush helped me up and told me nobody saw the fall (even though the entire farm did). For the rest of the week, everyone kept saying "Hay" instead of "Hello" when they would see me around!

-Jessica, PA

Shouting Stomach

One night, I forgot to set my alarm and had to rush to school without breakfast. I had a big test first period, and thankfully I got there just as the bell rang! But my stomach kept growling really loud throughout the whole test! Everyone was laughing at me and my teacher told me to eat breakfast next time so that my stomach's rumbling wouldn't be a disturbance!

CAMILA'S CHAIR DISASTER

WE ALL KNOW 5H'S CAMILA CAN BE, WELL, JUST A LITTLE BIT CLUMSY! WHILE ON THE AUSTIN MAHONE TOUR, CAMILA KNOCKED OVER HER CHAIR DURING "BO\$\$!" OF COURSE, SHE PLAYED IT OFF MUCH COOLER THAN WE WOULD HAVE! WITH A "THE SHOW MUST GO ON" MENTALITY, CAMILA KEPT ON SINGING AND DANCING! SHE EVEN POKED FUN AT HERSELF BY REPOSTING A VINE THAT SHOWED THE WHOLE THING. SHE WROTE, "I KNEW THIS WOULD HAPPEN I WAS NOT MEANT TO DO A DANCE ROUTINE WITH CHAIRS AND NOT FALL AT LEAST ONCE LOL" HAHA!

ASK BEA!

X Factor alum Bea Miller answers
your toughest questions!

Hey Bea!

I look up to you because you aren't afraid to speak your mind, but some of the kids in school make fun of me for the music I like. What should I do?
Thanks, Melanie

Melanie,

Unfortunately, not everyone who has different music taste than you do will be able to understand or appreciate yours. This happens way more than it should because people like to believe they know what's best for everyone else. The best thing to do is ignore them and don't let their opinions change what you listen to. Music is something that is meant to help people get through situations and if that's what the music you like does for you, that's the most important thing. I hope this helped :)
xo Bea

Bea,

What are the best ways to start a conversation with someone I don't know well? Is it weird to just go up to them randomly?
You rock! -Savannah

Savannah,

It's easy to approach new people if you have confidence in yourself, and it totally isn't weird. Most people will think you're cool for actually having the guts to talk to a stranger. There will be some people who are shy and awkward and will feel uncomfortable if you talk to them, but if that happens, just shake it off and realize that it isn't you who is the problem; it's them. I guarantee that if you just introduce yourself and be friendly, most people will like you and you'll make new friends.
xo Bea

Hey Bea,

I've been dating a guy for a little over three months and we have the best time together, but lately he's been spending a lot of time with my friend and they don't invite me. What does that mean? I don't want to seem paranoid but I'm worried!
Xoxo, Stephanie

Hey Stephanie,

I wouldn't worry about it. He's dating you because you're the one he's interested in. This used to be a problem for me because the majority of my friends were guys and if one of my girl friends started dating one of them, she would feel uncomfortable when I spent time with him. It's normal for guys to be friends with girls without having any romantic connection. If your boyfriend is a good guy and your friend is a good friend, trust them and trust that all there is between them is friendship, and remember that two friends can hang out without bringing the person they're dating. You should ask them both if they want to all hang out together and I'm sure you'll all have a good time.

ON THE ROAD WITH

RYDEL

Hey Popstar! I'm gonna take you on our adventures through Puerto Rico!

This summer, we decided to take some time off and head down to Puerto Rico! There are lots of exciting things to do in Puerto Rico. Our first stop was El Yunque, Puerto Rico's National rainforest. It was an extremely beautiful day. We hiked through the trails, jumped in waterfalls, and even did some rope swinging! At the rope swing, there are these cool clay/chalk-like rocks that you can use to draw cool things on your face! You just scratch the tiny rocks on boulders and BAM - color explosion! On our way home, we had to stop for some local grub. Anytime you're on vacation you HAVE to try the local hip spots. It's usually the best food - ever.

We drove a few hours to find some pretty sweet views. If you really wanna go the extra mile, pun intended, go zip-lining! The boys and I are sort of adrenaline junkies so we were ready. The zip-line course was a lot of fun. I suggest everyone try it at least once in your life. To

We had so much fun exploring! We even went zip-lining!

Here's Ellington being crazy in the jungle! How beautiful is the waterfall in El Yunque?

We had a blast cave exploring.

We stopped to get some local food after our adventure in the rainforest!

Zip-lining was so awesome!

be honest, it's actually really chill and relaxing. You're just peacefully flying through the trees watching the birds and enjoying nature. The place we went to, Toroverde, had eight different lines you had to get through before getting to the last one called La Bestia or "The Beast." Supposedly it's the highest, longest zip-line in the world! We also jumped off some cliffs, went jet skiing, and snorkeling!

One of my favorite things we did this trip was visit the Bioluminescent Bay in Fajardo. It's a place that contains these half-plant, half-animal organisms that live in the bay and produce light, kind of like a firefly. It's almost impossible to describe how amazing it was. It's something you have to personally witness to understand the true beauty of this place. To get there, we kayaked through this covered swamp-like stream for about thirty minutes. We could barely see anything; trees cover the entire sky. Then, all of a sudden the trees open up and you're in the bay. It's so incredible, especially when the water starts glowing. Seriously, whenever our paddles touched the water it glowed. You can pick up the water in your hands and sprinkle some on your legs and it lights up all over you. It's pretty insane. As you sail around, you see tons and tons of fish swimming away from your boat and it looks like fireworks. It was one of the coolest moments ever.

All around, I'd say we had a pretty freakin' good trip to Puerto Rico. =D

I snapped this pic of Rocky snorkeling!

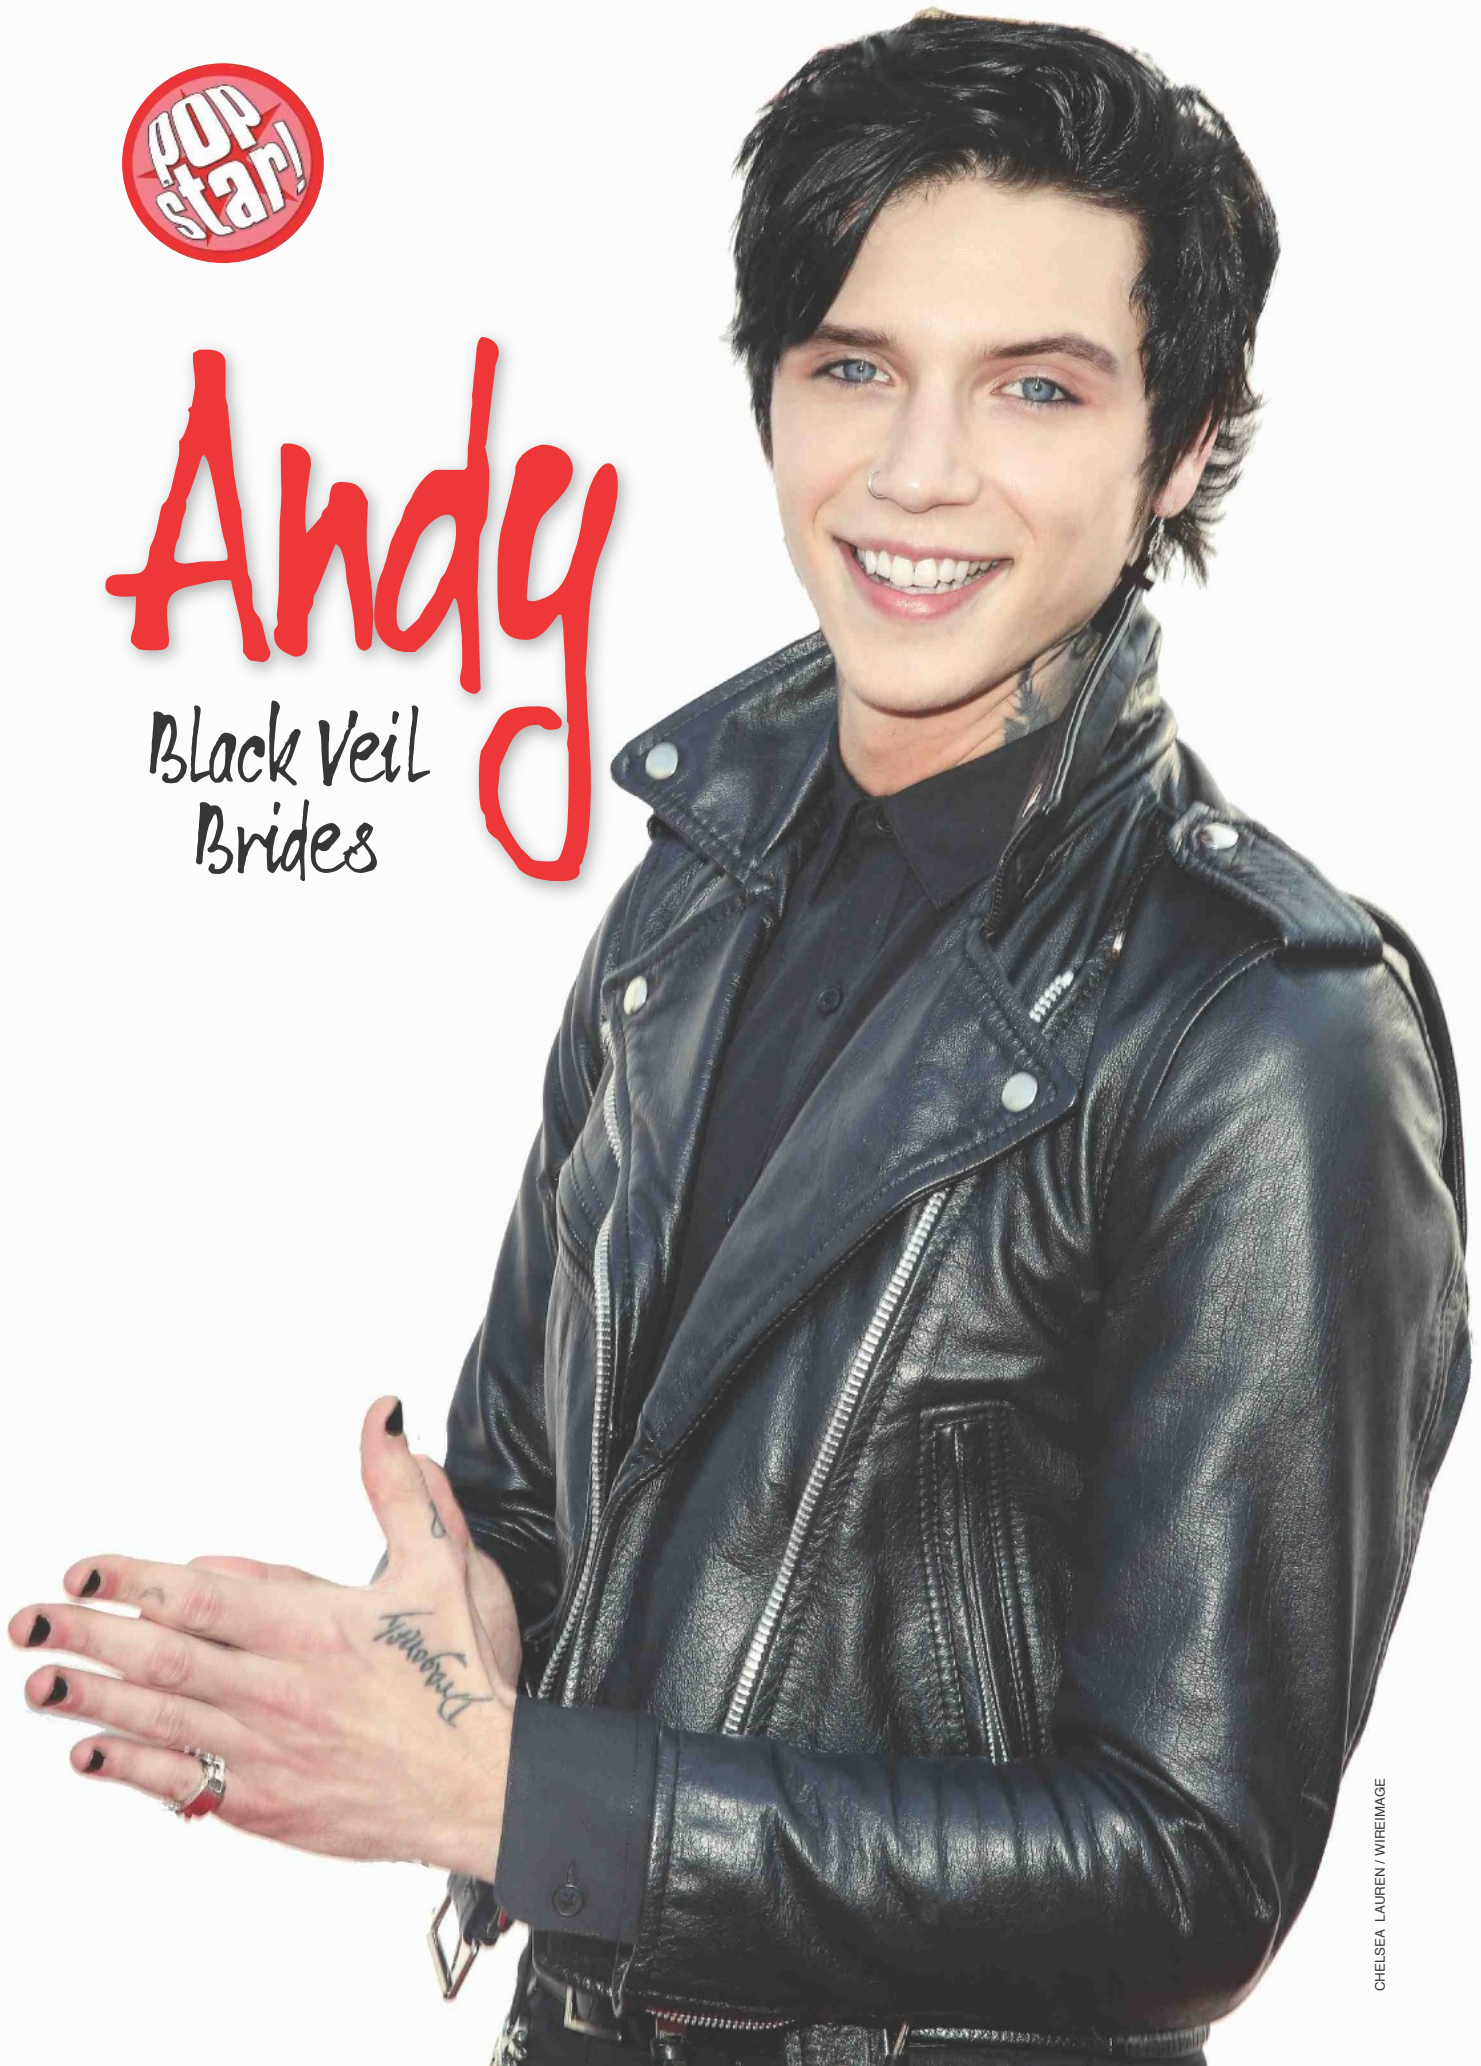

P.R. Checklist

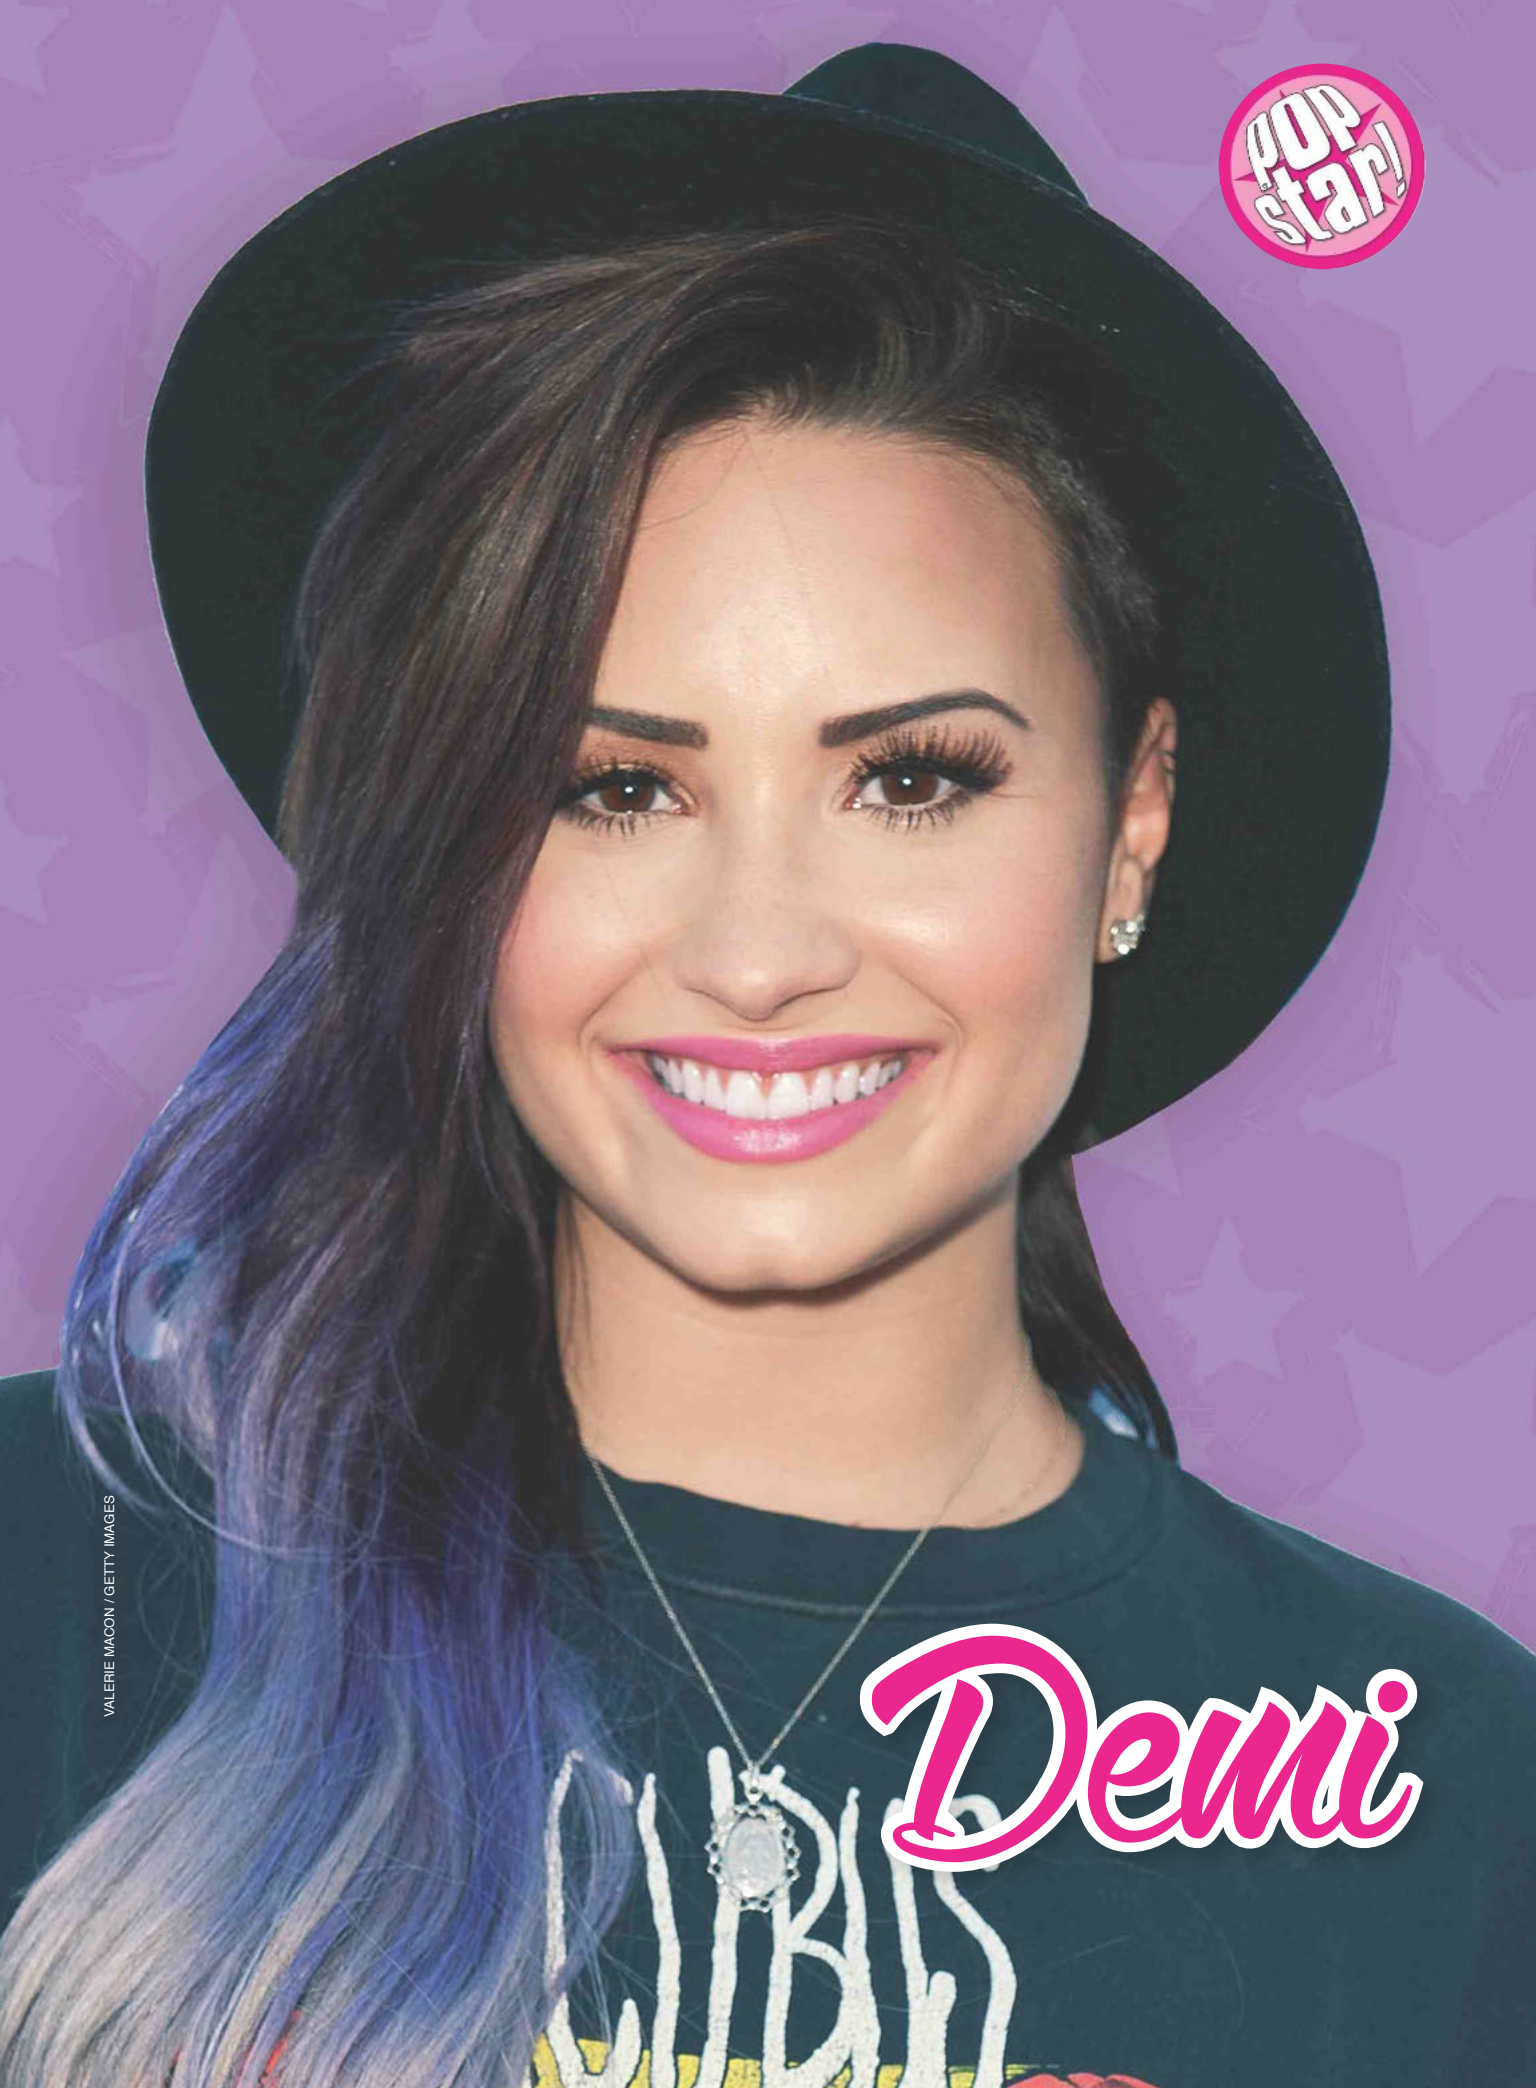

- Go and explore the rainforest. Find the colored rocks and paint cool designs all over yourself.
- Try Quenepa (Spanish honey lime). It's a Puerto Rican fruit and it tastes like honey. It's a bit interesting at first, but it's really yummy.
- BUNS. Best burger joint in town.
- Get your surf on.
- Fly through the trees on a zip-line!
- Go see firework fish at the Bio Bay.
- You must get some Mofongo. It's a fried plantain dish and it's super-duper popular in Puerto Rico.

MUSIC MINUTE!

A More Seasoned Summer

Tweet Me

@MikeAdamOnAir
and your question
could appear
in my next
column!

I met up with the guys just a few days before their epic MTV Video Music Awards performance!

said, "My grandparents for sure. They bought me my first ever drum kit. I actually paid them back recently, because I felt like that was a big investment for them and I just wanted them to know I'll never forget that." We never got to hear Ashton's sweet speech because the Moonman went to the girls of 5H, but at least 5SOS took home the award for Best Lyric Video. Following the show, Michael summed up their excitement with a tweet: "Cannot believe we've just won a VMA...all of this is thanks to you guys. Best fans EVURRRRRRRR. I love you".

After only a few minutes of talking to the guys, I could quickly sense a difference from the last time I'd seen them, just four months earlier. This time, the screaming mob of teenage girls outside of the station didn't make Michael, Calum, Ashton, and Luke giddy. This time, they chose their words more carefully when answering questions. And this time, you could hear those carefully chosen words because they weren't all talking over one another. Last time, 5SOS needed someone to pinch them...this time they were bonafide rock stars.

It was just days before the VMAs when 5SOS strolled into our studios. From Ashton's ripped Jimi Hendrix shirt to Calum's arm tattoos, to their respective black skinny jeans, they had the anti-boy band look down to a science. They had just been by the studios four months earlier, and with the VMAs nearing, I had to ask them if they were nervous about performing. Calum said, "Aside from Maroon 5, we're the only band performing, so yeah, that's a little intimidating. But we're honored. We just hope we don't suck. And if we do, we'll just blame it on technical difficulties or something!"

Continuing our VMA talk, I asked Ashton who the first person he would thank would be if they won the Artist To Watch award. Without hesitation he

Michael, Luke, Calum and Ashton couldn't stop talking about how much they love their fans.

ASK ME ANYTHING!

Which group of girls do you think are better singers: Little Mix or Fifth Harmony?"

@MikeAdamOnAir: This is like the neverending debate, huh? Here's what I think: The girls of Little Mix are a tad older than the girls of 5H, so they've had more time to work on their voices and develop their sound. That's really their only advantage. Both groups are comprised of phenomenal singers whose voices blend extremely well together. I think it really boils down to what sound you like better. LM has a heavy R&B influence, and 5H has a more contemporary dance pop sound.

Raini's Top 5

1. The *Harry Potter* series
2. *Reel Life Lessons... So Far*, written by my little brother, Rico. He wrote his own autobiography at just 14 years old! I get teary-eyed every time I read it cause I'm just so proud of him!
3. *Cloudy With a Chance of Meatballs* – it's my favorite to read to my nieces.
4. *The Baby-Sitters Club*
5. *The Shining* by Stephen King – I LOVE horror and mystery books. They're my favorite because you get to make up in your head what everyone looks like & it tends to be scarier than the book!

I can't wait to see Selena Gomez in the upcoming film adaptation of Jay Asher's *13 Reasons Why*. It's one of my favorite books!

Raini On Reading

I'm currently reading...

Save The Cat!: The Last Book on Screenwriting You'll Ever Need by Blake Snyder. My co-star, Calum, gave it to me as a gift because he knows I want to get into writing my own screenplays and scripts. He thought I would love and learn from it!

I can't wait to see the film adaptation of...

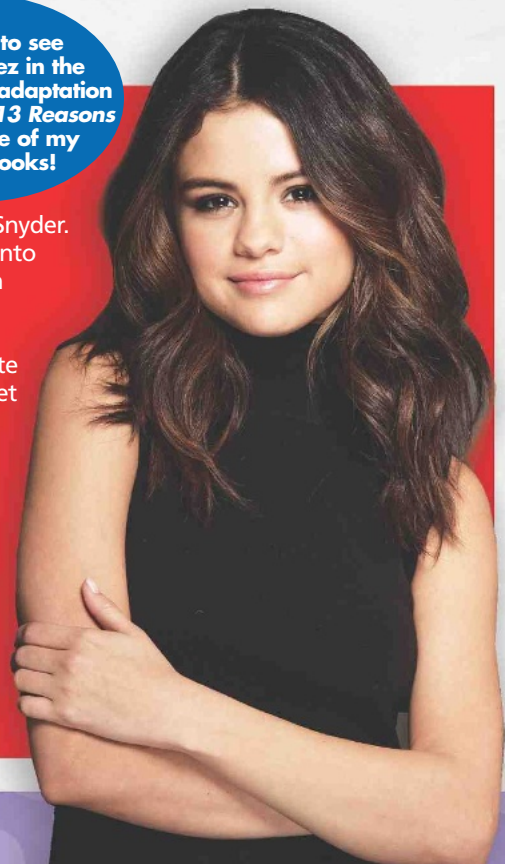

13 Reasons Why by Jay Asher, starring Selena Gomez. It's one of my favorite books and I can't wait to see it on the big screen. It's going to be spooky yet touching.

I'd love to star in the movie version of...

Any of R.L. Stine's *Fear Street* books. I grew up reading them and it would be so cool to bring one to life. Especially since *Goosebumps* was a big hit, it would be cool to turn these books into movies for teenagers!

My best advice for completing reading assignments would be...

I know it's hard nowadays to stay focused on reading when you could be texting or tweeting, BUT reading really expands the mind. When it comes to school assignments, it's okay to reward yourself after you read a chapter, just to keep motivating yourself. Also find cool spots to read, like at a park or by the pool. It helps make it fun :) I love reading wherever. I get so caught up in my book; the world around me disappears!

Taurus April 21-May 20

Sabrina Carpenter - 5/11

Gemini May 21-June 20

Lucy Hale - 6/14

You've been talking about getting that new haircut for so long. Try a fun neon color (with a parent's permission of course) like 5H's Normani Kordei's blue ombre tips that she rocked at the MTV VMAs! This will boost your confidence and get someone's attention!

Cancer June 21-July 22
